## WINNERS IN IRELAND AND ENGLAND.

London, Eng., June 24.—At the Curragh track, near Dublin, today, the Irish Derby of 2,000 sovereigns for three-year-olds at a mile and a half, was won by E. T. Patterson's chestnut colt Land of Song, by Llangibby—Aliena, with J. J. Parkinson's chestnut colt King's Commoner, by William Rufus—Miss Common, second, and James Daly's brown colt, Righ-Mor, by Desmond—mare by Timothy, third. At the Newcastle meeting today, the Northumberland Plate of 1,000 sovereigns for three-year-olds and upward at two miles, was won by R. Crallan's five-year-old chestnut horse The Guller, by The Gull—Lady Teazle, carrying 107 pounds. The five-year-old horse, Bowman, 109 pounds, was second, and the five-year-old horse Chance Bird, 98 pounds, ran third.

## ANSWERS TO QUERIES.

D. R. H., St. Louis, Mo. The figures about Belle of Bryn Mawr in race 14527 were 2 to 1, 4 to 5 and 2 to 5.

A. J. De M., Buffalo, N. Y. The American Racing Manual, published by this office, fully explains the system of Pari-Mutuel and its calculations. If a \$2 ticket pays \$5 it means that the profit is \$3 to the holder. In each other \$2 is the price of the ticket.

HOCNIR RUNS A SMART RACE.

Beverwyck Stable's Heavily-Supported Candidate Successful in Union Stakes at Aqueduct.

New York. June 24.—The Beverwyck Stable's Hocnir showed a smart performance today when he handily defeated Pomette Bleu in the Union Selling Stakes, which featured the program at Aqueduct. Hocnir, which raced impressively at lavre de Grace in the early spring, ran in high-class form today, going to the front at once and standing off determined opposition to win by a two-length's margin in 1:27. Incidentally he was the medium of a plunge sufficient to reduce his price from 10 to 1 to 4 to 1.

The condensed history of the Union Stakes is as

## AUSTRALIA'S CHAMPION HORSE DIES.

The death is announced at the Welbeck Stud. England, of Carbine, the celebrated stallion, belonging to the Duke of Portland. By Musket, out of Mersey, Carbine was foaled in 1885, and had thus attained the age of 29 years. He was bred in New Zealand, where he established a reputation as the best horse produced by that colony. As a two-year-old he ran five times, being successful on all occasions. The following season he ran in ten races, of which he won nine, his solitary defeat taking place in the Australian Jockey Club Derby, in which Ensign defeated him by a bead. In the early part of his third season on the turf, Carbine was amissibut later in the year he recovered his form to such an extent that at one period he won no fewer than four races within the space of five days.

His greatest performance, and one which set the seal on his fame, was, however, recorded as a five year-old, when he carried off the Melbourne Cup. On that occasion his weight was 145 pounds, and he was giving Highborn, himself a horse of more than ordinary ability, no less than 50 pounds. The estimation in which he was held is testified by the fact that notwithstanding his burden he started favorite, and the scene following his triumph was of a life of ease at Welbeck.

character never previously associated with a race course in Australia. In his next race he was defeated by Marvel: but took his revenge on his conqueror the same afternoon.

Space is too limited to do adequate justice to Carbine's turf career. It may however, be stated that in all he ran in forty-three races, being successful in thirty-three. He was likewise second six times and third thrice, the only instance in which he failed to get a place being in the race in his early four-year-old days alluded to above. His winnings aggregated \$137,730.

#### GOSSIP AND COMMENT FROM KENTUCKY.

Cincinnati, O., June 24.—Trainer J. O. Keene is well satisfied with Luke's present condition, and he believes that Senator J. N. Camden's Cincinnati Tropby candidate will be ready to run his best race to date in that rich event at Latonia next Saturday afternoon. The one-eyed coit will have up that skilful rider, W. W. Taylor, and as Chalmers will have to meet him at more equal weights than in the Harold Stakes, the Camden trainer thinks Luke will win the rich stake of more than \$5,000 gross. Indications point to a good sized field, as there are several promising racers among the ninety eligibles that have big pulls in the weights, compared to what Luke, Chalmers and Brig's Sister will have to

several promising racers among the ninety eligibles that have big pulls in the weights, compared to what Lake, Chalmers and Brig's Sister will have to carry.

Manager Hachmeister already has many extra boxes engaged for next Saturday, and he-anticipates an enormous crowd to see this, one of the greatest two year-old races of the year, with its rich prize in money and its beautiful silver trophy.

F. J. Pons probably will send his unbeaten Judge Wright to the post at Latonia within the next few days. The son of Superman is now training soundly and in a late work-out, showed not only sensational speed, but went a mile in 1:42, handily. He went the first five furlongs in 1:90. Judge Wright has not raced since he was a two-year-old, in 1912, but it now looks as if he will stand any reasonable amount of racing. He will be raced considerably this summer, and then be entered in all the fall stakes for older horses on the Kentucky tracks.

Dr. Talbot thinks that Belloc, James MacManus' Clark Handicap and Inaugural Handicap winner, could be trained again this fall, if his owner desired to make the attempt. The injured leg of the son of Oddfellow has improved a great deal, and it seems now that it only requires time for his ailment to become thoroughly cured. Mr. MacManus says that he probably will take no chance on Belloc this fall, but hold him over until next spring and give him a chance to get completely over his recent mishap. Mr. MacManus thinks a great deal of Beloc, because while he has had many winners in recent years, Belloc is the first stake horse that has carried his colors since Rocky O'Brien's day.

William Gerst's stable has taken on new Hife since his string of eleven horses now at Latonia track was turned over to his old trainer, Will Mc-baniel. The latter trained once before for Mr. Gerst and was with him for six years. He was successful with the Tennessee turfman's horses, training such good winners for him as Fore and Aft, which won the Cumberland Park Derby; Lady Savoy, which won for him the Memphis

year-old. McDaniel does not as yet know whether he will take several of the horses to Canada, or remain with the stable at Douglas Park until the fall campaign begins on the Kentucky tracks. He rather thinks the latter will be the program which will be decided on when Mr. Gerst comes here next week. In addition to the older borses, McDaniel expects to take up next month several yearlings bred by Mr. Gerst, which are the first of the get of Hanbridge to be trained to any extent. McDaniel did not train the latter great horse for Gerst, but he did buy him as a yearling for that turfman, and paid only \$600 for him.

G. H. Whitney, in whose colors Captain Burns won the fifth race at Latonia Monday, has several yearlings of his own breeding, which he will have trained and raced next season as two-year-olds. He has arranged to shortly take them up at Lexington. They are all the get of Orison, a son of Hamburg, and out of young mares. Mr. Whitney does not really own Captain Burns, though he holds a bill of sale on that performer which stands good until money he advanced to the owner of the tiree-year-old is paid. He could easily have gotten out on his investment in the horse had he let him go at J. C. Cahn's bid of \$1.300 last Monday, but trainer G. W. Cahn's bid of \$1.300 last Monday, but trainer G. W. Lunes was anxious to retain the cold. He is poor in flesh at the present time, though looking much better than when he was turned over to Innex at Lexington last spring. It was two years ago that Innex bid any Sleeth at Lexington when that performer was owned by Cahn. The latter turfman apparently has a good memory, and was quick to boost Captain Burns as a result.

## NOTES OF THE TURF.

The Grand Steeplechase de Paris, four and a half miles, value \$30,000, run over the Auteuil track in France last Sunday, was won by James Hensesy's chesimut horse, Lord Lorls, 4 to 1. Sydney Plan's bay colt, Clitias, 24 to 1, was second, and L. Frates' Marteau II. 27 to 1 third. Lord Loris won easily by three lengths. President Poincare and many of the diplomatic corps were present.

After T. C. McDowell paid \$8,150 for the chest nut colt by Watercress—Pearl V., at the Haggin sale of yearlings at Sheepshead Bay, Monday, Oscar Lewisohn, who had purchased several yearlings for the Elkwood Park Stable, asked him to put a price on the star of the sale, so that there is a chance that he may change hands before being raced. The yearling in question is a brother to Water Pearl, a high-class stake winner.

John R. Fell, of Fort Washington, Pa., who owns the good steeplechase horse Highbridge, has been abroad since January, but is espected home shortly. Mr. Fell is friendly with many of the nobility and leading horse owners in England, and it is for that reason he was so anxious to have his reciors shown in the Grand National Steeplechase. His trainer, James K. Frayling, who handled the horse at Newmarket in all of his English engage ments, still has him in charge. More than likely Mr. Fell will be in the market for jumpers, on his return.

#### A BIT OF GOSSIP FROM THE EAST.

A BIT OF GOSSIP FROM THE EAST.

J. R. Haggin occupied his accustomed place at the ring side yesterday, when his yearlings were disposed of. Despite his ninety-three years, and a recent illness, severe enough to have killed a far younger man, he is still able to take a lively interest in the proceedings. Another old-time racing man at the ring side was "White Hat" McCarthy, who in his day owned some of the best horses in Ameica. The sight of these two old-timers sitting under the same marquee brought to mind a time when they were racing on the Old Bay District track of San Francisco. McCarthy was running a horse in this same race, and was strolling about the paddock when he came across McCarthy.

"You seem to have a pretty good thing in this race," said Haggin. "At least the public seem to think so. They are betting a lot of money on it." "Yes," said 'White Hat." "I think it is a sure thing, Mr. Haggin."

"I have a pretty good one myself in this race. If I were you, McCarthy, I would not bet too much money on your horse. I might beat you."

"If you think so, Mr. Haggin, "I tell you what I'll do, I'll bet all I've got against all you've got." "No, no." said Haggin. "You want too big odds, McCarthy, I won't bet you."

Matt Brynes, who in days gone by trained Salvator and Firenze, in fact the many stake winners that ran in the colors of J. B. Haggin, had a fund of interesting information to impart concerning his trips to South America, where he went to dispose of a number of Rancho del Paso horses, at the time when racing in New York met with such a severe setback.

"Among the stallions I took down were McChesper, Mimic, Greenan, Diendonne and First Water."

"McChesper said for \$7.000 Greenan for \$11000.

when racing in New York met with such a severe setback.

'Among the stallions I took down were McChesney, Mimie, Greenañ, Dieudonne and First Water. McChesney sold for \$7,000, Greenan for \$11,000, Dieudonne for \$11,000 and First Water for \$10,000. McChesney has not proved of much account as a sire, though he \*got a few winners. Greenan and Dieudonne have both made good, and have sired some of the best horses racing in Buenos Ayres.

'The oldest of the First Water crop are now yearlings, and are said to be promising. He is a grandly-bred horse, foaled in 1895, by Watercress—Sweet, and was raced in the colors of Newton Bennington. I took him down there two years ago. He is a light chestnut in color, with four white legs and feet, and the South American were prejudiced, against his color, more especially against his white legs. But I am confident he will prove a success.

''After our first shimment many others thereby.

legs and feet, and the South Americans were prejudiced, against his color, more especially against his white legs. But I am confident he will prove a success.

"After our first shipment many others thought to take advantage of the South American market and shipped a lot of worthless stock down there, and glutted the market to such an extent that a law was passed placing a duty of \$500 per head on all imported stock, unless purely for breeding purposes. This virtually put a stop on the market and stopped the importation of not only American horses, but English as well.

"There were only two English-speaking trainers there—Britt, an Englishman, and Frazer, an Australian, Englander was the only American jockey riding there. He is making plenty of money, as he can ride at a light weight and besides is a good rider. I could not speak the lingo and, although I had plenty of good offers to train there, had to decline. I couldn't understand a word of Spanish, and none of the help could talk anything else. If I had told them to put a saddle on a horse, likely enough they would have brought him a bucket of water. I gave it up in disgust.

"They have beautiful tracks there, and each Sunday, which is the principal racing day, they give a stake worth \$10,000. I could count their money. It varies according to the exchange. There is an other line racing point at Montevideo, Uraguay, a night's ride by boat from Buenos Ayres. All the betting is done in the mutuels, and there is a world of money bet. The crowds at the races are far larger than they are here.

"One thing I noticed about the horses there is that they have terribly bad mouths and are badly broken. The reason for their bad mouths is that the jockeys and the property of the secrets of Englander's great success is, I think, that he invariably rides his horses with a snadile. But the invariably rides his horses with a snadile. But the invariably rides his horses with a snadile. But the invariably rides his horses with a snadile. But the invariably rides his horses was

## GENERAL NEWS NOTES OF THE DAY.

Manchester, N. H., had an \$800,000 fire.

King Peter I. of Servia was reported to have abdicated the throne in favor of his second son,

Prince Alexander.

A bulletin of the Mexican interior department says that Major Salvador Cordero, who was chief of police of Tampico, and eighteen other residents of that port, have been executed by the rebels.

News has reached Washington from unofficial sources that France and Germany have warned Haiti that its custom houses will be seized unless arrangements are made to meet the outstanding Haitian financial obligations.

A bill amending the state-wide prohibition law is among the measures to be considered by the Georgia general assembly, which convened yesterday for a fifty-day session. Woman suffrage advocates will force a vote on their demands, if possible.

The mediation conference has taken on a new spect. Full conferences and even informal concernations between the delegates and the mediators have been completely abandoned. Judging from

outside indications, the chief disagreement seems to be among the three mediators, for they alone are continuing discussions among themselves.

Four killed in Minneapolis and a score seriously injured at Watertown, S. D., property damage estimated at more than \$1,000,000, with an almost complete tieup of telegraph and telephone communication for a number of hours, was the result of a wind and rain storm, which swept North Dakota, South Dakota, Minnesota and Wisconsin.

A world's record for a duration flight was made today at the aerodrome at Johannisthal, Germany, by Gustav Basser, a German. He remained in the air for eighteen hours and ten minutes without making a landing. The best previous record was made by Brino Langer on February 2.—an uninterrupted flight lasting fourteen hours and seven minutes.

Besides paying Nicaragua \$2,000,000 for a monopoly of the Nicaraguan canal route, it developed that Secretary Bryan proposes to indemnify Costa Rica, Just what sum will be given Costa Rica is not known and not determined, but probably it will be in the neighborhood of \$1,000,000. The decision of the secretary was the result of a protest made by Costa Rica in consequence of the

failure of the United States in its negotiation with Costa Rica to take into account its interes in the San Juan river. In previous negotiation with reference to the Nicaraguan route the claim of Costa Rica has been recognized.

with reference to the Nicaraguan route the claim of Costa Rica has been recognized.

The Japanese foreign minister, Takaaki Kato, informed the members of the diet that there had been no solution of the question between the United States and Japan regarding the California land legislation. Since he assumed office, he said, he had taken certain steps looking to a settlement and was now awaiting the reply of the United States government, which he hoped, would be satisfactory.

The British challenger for the America's cup, Shamrock IV., had its first hard weather trial with the older Shamrock and acquitted itself well. In a stiff northwesterly breeze necessitating reefed mainsails the challenger worked out a lead of three minutes in a run of five miles. This was followed by a ten-mile thrash to windward, in which the challenger did still better, beating its opponent by twelve minutes.

President Wilson commuted, to expire at once, the sentences imposed on the following men convicted in the McNamara dynamite conspiracy: Shupe, William, Chicago; Itamon, Michael J., Scranton, Fa.; Paimter, Frank H., Omaha, Neb.; Mooney, Fred J., Duluth, Minn. The other defendants, in-

cluding the leaders, must begin serving their sentences today in Leavenworth pentientiary. Clemency for John H. Barry and Paul J. Morrin, of St. Louis, was withheld. They have opportunity to submit separate petitions.

For the fourth time since it was built in 1743 For the fourth time since it was built in 1745 the Mount Vernon House, the home of the Father of His Country, is to have a new set of shingles. Today the shingles are warped and weather-beaten, split and loose, after fifty years of service. The new shingles are being made in North Carolina, exact duplicates of the original ones tacked down in 1745. Cypress wood is being used. Funds for keeping the building and grounds intact are earned mostly from visitors, of whom there were 129,000 last year.

Mob violence broke out anew in the struggle between factions of the Butte miners' union and three men were shot, one being killed, by a fusillade fired by deputy sheriffs in clearing the union hall. Repeated attempts were made to dynamite the miners' hall, evidently with the idea of annihilating President Charles II. Moyer and other officers of the Western Federation of Miners, who were schednled to address a peace meeting. They escaped and fled. The property damage to buildings in the vicinity is estimated at \$100,000.
